

Return to teaching safely with Clevertouch Technologies

Live stream assemblies

Hold whole-school assemblies by live streaming video content directly into every classroom.

Screen Mirroring

Share students' work with the whole class, without the need for them to leave their seats or touch the main display.

Remote learning

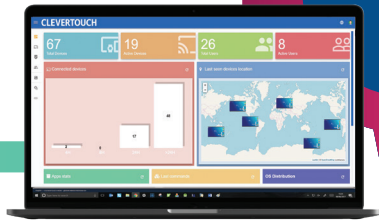

NEW

Share your screen and a live video of your classroom to those learning from home, with a free 60-day STAGE licence.

Remote Management

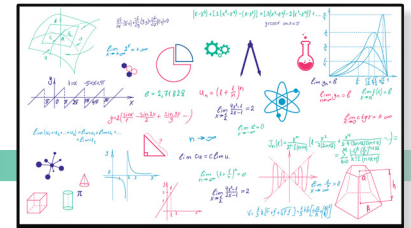

Allow your IT department to remotely take control and troubleshoot or make updates.

Large Format Displays

NEW

Non-touch displays perfect for displaying lessons.

Interactive front-of-class display

NEW

The touchscreen works just as effectively if you are wearing PPE gloves, and motion sensors turn the display on without needing to press any buttons.

School reception digital signage

Greet visitors, share school news, give safety announcements.
